

American Crime Research

Copy sheet 14a

- Each person in your group has a copy sheet with facts about 4-5 child offenders. Fill in the facts from your own sheet, then ask each other questions to fill in the blanks for each offender. Use your findings when discussing:
- What are your initial thoughts after reading about these young offenders?
Which case shocked/touched you the most?
- Does anything on the table strike you as peculiar/odd/noticeable? Share your thoughts.
 - What do the offenders have in common? Explain in detail.
 - Which part of the USA were they primarily from? Is this interesting? Why/why not?
 - What could/should have been done for these young offenders instead of execution ?

[illegible]
